OBJECTIVE

Seeking an entry or mid-level position as an iOS application developer.

PROFILE

With years of diverse experiences I bring my skills and motivation as a mobile app developer along with a passion for creating cutting edge applications that are expertly designed and engineered. I am committed to continuous learning and improvement, with a track record of successfully troubleshooting and resolving complex issues.

I am a detail-oriented team player with an ability to handle multiple projects simultaneously with a high degree of accuracy. As a life-long learner, I am always growing in my skills as a developer and I am ready and willing to help the team achieve its goals.

WORK EXPERIENCE

Junior iOS developer (Part-Time), %98Chimp Inc. , Vancouver BC, July, 2021 - Present

- Participated in the development, maintenance, and enhancement of our existing iOS applications as part of the development team.
- Designed and developed an iOS application using MVC and MVVM design patterns, working with Swift, Xcode, and Interface Builder.
- Implemented UI design using both storyboards and XIB.
- Utilized JSON to retrieve data from the backend and display it on app using JSONDecoder and UIKit framework.
- Experienced in customizing UIKit views and controls and creating a unique interface according to UI/UX designer specifications.
- Designed UI and implemented Firebase user authentication.
